

How High Can You Fly?

Heaven would be the ultimate – but unfortunately you won't make it without some help. Just like gravity and drag constantly work against every plane, the Bible says that every one of us are sinners and that our sin separates us from God. A holy God will not let sinners into his holy heaven. Just like a prop, jet or rocket, you can try as hard as you want to please God, but you'll always run out of fuel and come crashing back to earth. There is no way to permanently overcome gravity while you are here on earth.

In the same way, religion, being good and trying hard to please God do NOT erase your sins and put you back on God's good side. God knew there was no way you could get rid of your sin on your own – so he did all the work for you! God became a man, died on a cross in your place to pay for your sins and then rose again from the dead to prove that everything he said was true. Jesus said, *"I am the way, the truth, and the life: no man cometh unto the Father, but by me."* (John 14:6) Today Jesus offers you the GIFT of eternal life if you will repent of your sin and believe in Jesus – *"the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord."* (Rom 6:23)

"For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."
(John 3:16)

"If thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved." (Rom 10:9)
